Kim-Anne and Colleagues,

Thank you for a great conference. Along with the knowledge I gained, I gained new colleagues willing to share and support.

I also want to comment on the citizens of Presque Isle, Maine. Walking downtown, visiting the library, having meals at local restaurants, and shopping at the mall were all wonderful experiences. Everyone I met greeted me warmly. I did not meet a rude person during my five day stay. I cannot tell you how thrilled I am to tell my friends and colleagues back home about the beauty of the campus and the people in Presque Isle.

My feelings exactly!

. . . can't stop saying enough kind words about the RSWC crew, folks in Maine and the UMPI campus. Kim-Anne thanks for being such a fabulous and thoughtful host. . . you are a rock star.

truly a wonderful experience and already looking forward to next year!

Just wanted to add my thanks to Kim Anne and all the folks that made the conference work so well. I met many wonderful folks and the setting was wonderful. Also, my thanks to Claire who took a group of us on the excursion to the wildlife preserve and was such a wonderful informant for all of our questions. I will look forward to the next conference in Louisiana as well.

Everyone,

I totally agree with everything written (before). What a positive experience at a beautiful location! Kim-Anne - thanks for arranging this conference.

See you next July,

Dear Kim-Anne and Colleagues,

I agree with the comments here. The conference was memorable from several perspectives. First, the committee that arranged the conference was most welcoming and helpful. Second, those attending the conference were wonderful people with great ideas and willing to share those ideas. Third, the workshops were of high quality and provided great ideas and insights into rural-based issues. Finally, UMPI and the Presque Isle Inn were great locations for conference attendees. The people of Presque Isle were friendly and helpful. This is a wonderful experience that will be remembered for many years.

Thank you.
